

## Yongguan Zhu

*Institute of Urban Environment, Chinese Academy of Sciences, PRC*

Prof. Yongguan (Y-G) Zhu, Professor of Environmental Biology of Chinese Academy of Sciences (CAS), is the director general of the Institute of Urban Environment in Xiamen. Prof. Zhu's research focuses on soil-plant interactions, particularly the biological processes affecting the fate of contaminants in soil plant systems, he also has strong interest in food safety and biofortification of trace elements, such as selenium. He serves as a Member of the Standing Advisory Group of Nuclear Applications, International Atomic Energy Agency (IAEA); Associate Editor of *Environmental Pollution*; Advisory Editorial Board of *Trends in Plant Science*; Marschner Reviews Editor of *Plant and Soil*; Advisor of *New Phytologist*, and editorial board member of *Environment International*. Prof. Zhu won the Outstanding Young Scientist Award from the National Natural Science Foundation of China (NSFC) in 2002, National Young Scientist Award in 2006, the "Top Ten Youth" of the CAS in 2007, and National Natural Science Award (2<sup>nd</sup> Class) in 2009. Professor Zhu has published extensively, with more than 100 papers published in leading international journals, including *Environmental Science and Technology*, *Plant Physiology*, *Environmental Microbiology*, *Trends in Plant Science*, *New Phytologist*, *Environmental Pollution*, *Plant and Soil* etc.
